

3. Technician menu access

- A PIN must be entered in order to access the Technician menu.
- If you exit the Technician menu for more than 15 minutes, the PIN must be entered again to gain access.
- The Programming Technician can be exited and locked again with **Logout Technician**.

3.1 Access to Technician menu

- ▶ Access to Technician menu:
 - ▶ Press the **Maintenance level** button to switch to the Maintenance level.
 - ▶ Change to **Login Technician** with **Next page**.
 - ▶ Select **Login Technician**.

The request **Please enter PIN** is displayed.

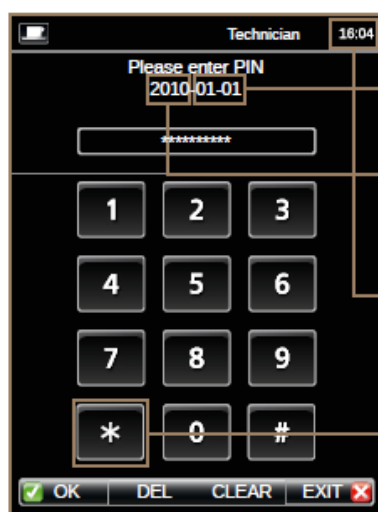

- ▶ Enter PIN, see 3.2 PIN
- ▶ Change to **Programming Technician** with **Next page**.
- ▶ Select **Programming Technician**.

The **Technician menu** is displayed.

3.2 PIN

- The PIN is dynamic and is made up of the date and time.
- You must enter the PIN within one minute.
- The input is displayed in encrypted form.

- ▶ Enter PIN:
 - ▶ Add the month and day together.
 - ▶ $01 + 01 = 02$
 - ▶ Enter the sum and press the *****-button.
 - ▶ Enter the current year.
 - ▶ 2010
 - ▶ Press the ***** button.
 - ▶ Add the hour and minute together.
 - ▶ $16 + 04 = 20$
 - ▶ Enter the sum.
 - ▶ Confirm the entry by pressing **OK**.

Technician menu is **enabled**.

- ▶ Example of correct entry (as in the figure):
 - ▶ $02 * 2010 * 20$
 - ▶ **OK**
